Holidays with Heart

Susie was born in New Zealand and grew up in the beautiful nature of the Coromandel Peninsula and later in West Auckland. She has been surrounded by music and singing all her life and because of her father's work, harmony filtered into her understanding very gracefully.

Throughout those years and up to the present day, the Unicorn Natural Voice Camp has played a huge part in her life, first being there as a child, absorbing sound and playing freely in a community environment, then as a tweenie and then a naughty teenager!

Since starting all those years ago at Voice Camp, Susie has gone on to establish herself as a renowned workshop leader, vocal coach, teacher trainer, ceremonial musician and the proud producer of her first professional solo album.

Susie leads singing workshops in the UK and internationally which are open to people of all singing abilities. She shares songs from across the globe in full harmony, including her own compositions and arrangements.

She has hand picked songs over the years that are able to unlock the voice and open the heart in a powerful way yet are easy to learn and are all taught by ear. The songs come from around the world and from many traditions, and include songs of joy, peace and freedom in English and other languages.

Susie is a dynamic workshop leader as well as a talented singer-songwriter, voice tutor and composer for choirs. She tours internationally with her popular harmony singing workshops, improvisation weekends, teacher training courses and soulful concerts, sharing her heart-felt music and the joy of singing together in harmony wherever she goes.
