Support of 11 charming experienced mainly English-speaking Moroccan staff. The Holidays with Heart UK team provide substantial pre-visit information and support and have 25 years' experience of Morocco.

The Place Based in Taroudant, an ancient walled market town little visited by tourists and with shopper-friendly souks to which you may be introduced by one of our staff. A chance to buy some beautiful handcrafted items, food and other delights in the souks.

The Climate The best winter climate in Morocco due to its southerly setting in the fertile Souss Valley, the source of an abundance of fruit and vegetables. It lies between contrasting mountain landscapes: the majestic High Atlas and the extraordinary Anti-Atlas (bordering the Sahara).

Heartful Holistic Holidays A wide choice of other authentic activities including option to support charitable projects. Explore the fascinating culture with the help of delightful guides; option to explore or laze in the sun. More information about meaningful group holidays at www.holidays-with-heart.co.uk

Feel Safe Thanks to the care of the staff, good medical facilities (no compulsory vaccinations), safe water as well as the town being small, relaxed and friendly with few tourists. Road transfer with our own safe drivers. Very good Wi-Fi and mobile network.

"A wonderful holiday.. its reputation is well-established, but it is now based at an amazing new sustainable, purpose-built ecolodge. .. exceeded our expectations (plus we are not normally fans of organised/group holidays!). Fabulous team, delicious food (including vegan), amazing accommodation, wonderful activities! Taroudant was a brilliant location to get a feel of authentic Morocco." Jan 2020

About Katy “As participants we quickly realised that we all had very different expectations and needs, some personal and some professional. Still, that didn’t matter at all as Katy provided the guidance for us to learn from each other in a very professional and friendly way. Also, colourful and humorous examples and inputs from the facilitator’s personal experiences really helped to illustrate some of the concepts involved.”

The Power of Connection which is a CPD registered course teaches you to:

- Learn from experiences of the past
- Stop repeating patterns that don't work
- Find your real wants and express them
- Speak so you get heard and listen so others know they have been heard
- Transform differences into possibilities
- Step through inhibitions and fears and help others do the same
- Discover new levels of satisfaction, fulfillment and intimacy in your life

A life worth living

Our experience of relating to others is often associated with difficult feelings, from blame and resentment to jealousy and guilt. It's not surprising that emotional distance and separation are seen as a normal, even an inevitable part of a relationship.

By the end of the course you will know how to release and let go of these separating feelings. And the more you do this, the more you will get in touch with all the connecting feelings that make life worth living, from passion to compassion, from gratitude to satisfaction and joy.

"I definitely felt the shift while taking Katy's Power of Connection course. All of the exercises and nurturing environment created the opportunity to explore and share. We learned many communication tools"

"I took the opportunity to explore my self, my mind and the way in which I interact with others. The connections we have with others is one of the most wonderful things about being a human being and I feel so blessed to have been given insights and tools that I shall be able to call upon again and again, that will help enrich my interactions and strengthen the relationships I choose to build "
